

South Dakota Junior Hereford Association Mentor Program

As many of you know the National Junior Hereford Association (NJHA) has recently brought back the mentor program at junior nationals it is now called the pen to pen program. It is where the mentor and younger junior member are now pen pals as well. The SD Junior Hereford Association (SDJHA) would like to add our own mentor program within the state association where they meet up at field days, junior nationals, spotlight, state fair, and/or other junior or national shows. The point of a state mentor program is to bring together our members to develop our youth by giving them the opportunity to grow, lead, and learn from older members. Pairing of mentors and mentees will be random.

Requirements to be a mentor:

- Involved in the SD Junior Hereford Association for 3 years
- Intermediate (14) or older
- Good Role Model
- Be willing to spend time and build a relationship with younger junior members. Help them when needed and participate in the activities. Remember you are leading the future youth of our junior association!!

Mentee Requirements:

- Willingness to learn from older juniors
- Participate in activities
- Age 5+

Name: _____ Age: _____

Circle One: Mentor or Mentee

Livestock shows you will be attending this summer: _____

Any other information the Association/Mentor needs to know or you would like the mentor to touch base on:
